

From a Single Idea to a New Script...

*"Everything begins with an idea."
- Earl Nightengale*

Cutting-edge thinkers know that ideas often come when they are least expected.

Ideas for your business can come to you at any time, anywhere, inspired by anyone... while driving home, while having coffee, while relaxing on the weekend, or during a meeting at work.

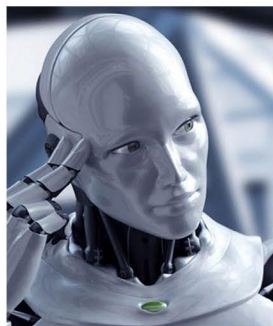

When a new idea begins to take shape, share it with your OHMG Account Manager, and they'll make it come to life for you within 48 hours (our record is 2 hours).

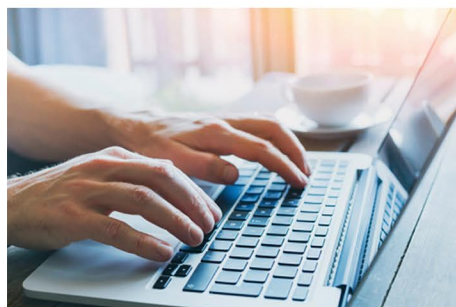

3 Quick Steps to Creating a New Script:

1. The Idea is Born

2. Your Acct Mgr. develops the idea & sends script to you for approval

3. Script is recorded, edited & placed in a custom online library for immediate use

And your new marketing message is actively impacting your callers within 48 hours!

If a new idea has just come to mind, call us now: (866) 758-1300
